Oklahoma City, OK By Michael Boyd

The show was a blast. What else could you ask for? ...plenty of cars and many hot ladies INSIDE. The show was held in the Cox Convention Center in downtown OKC. When you walked through the front doors, the only thing you could see were people, cars and 18 wheeler trailers! You had Lucas Oil, Black Magic and Kicker's trailer sittin' inside the Convention center. The show was really well done and had a great turnout! Keep up with these guys... The Tunerfest IS NOT going away!

For the OKC show, cars came from all around...there was a Lincoln Blackwood there which came all the way from Florida, a blue Celica from Arkansas, a white Eclipse from Kansas many Texas guys came up including a Sylvia and a Skyline. Don't forget about Eric Strickland's blue Blaupunkt WRX representin' OKC. Xposed Vision also brought their Del Sol... this is just the beginning of a long list of dialD-in rides. Go to dialD.com to check out all the pics!

Ok ok, I haven't forgotten about you EIGHT hot ladies in the Bikini Contest... wow... need I say more? These girls were smokin' HOT and wild!! The pics are on the web, if you weren't there, you should have. <daydreaming... pink... green... yellow... white... skimpy... > my bad, I'm awake. Not only was there a bikini contest... there was also a

was wearing a jacket, so you know the room was a little on the nippy side. It is definitely a part of the show that stuck out. It was so good; I couldn't paint a picture well enough! The Model search was presented by Xposed Vision. Jeremy Werner, Ken Whitaker and the rest of the team; did a great job getting this show together.
